However, by sheer coincidence, the daughter he selects from an orphanage is secretly a telepath! Also, the woman who agrees to be in a sham marriage with him is secretly an assassin!

While concealing their true identities from one another, the three set about gaining Anya's admission to Eden Academy. An animal stampede disrupts things on the day of the admissions interview, but disaster is averted thanks to Loid's cool composure, Anya's telepathy and Yor's physical prowess. Their efforts earn the Forgers the admiration of Housemaster Henderson. But when a faculty member poses a cruel question to Anya, Loid smashes a table in anger! Will that ruin Anya's chances of being offered a spot at Eden? The fate of the world hangs in the balance!
